SULZER ACCUSES MURPHY OF TRYING TO BUY HIM OFF

New York, Oct. 20.—In an exclusive statement to the Evening Mail today former Governor Sulzer made the sensational charge that Charles F. Murphy, leader of Tammany Hall, offered to pay his debts last December and give him enough money to meet his expenses while governor. He told of the tremendous influence wielded by Murphy in state appointments and gave the inner history of his campaign. The statement in part follows:

(Copyright 1913 by the Mail and Express Co.)

Albany, N. Y., Oct. 20.—"I appeal from the court of impeachment and the almost nominal charges on which I was tried to the greater and higher court of public opinion, before which I present the only reason for my impeachment and removal from office.

"I was impeached not because of the offenses with which I was charged, but because I refused to do Charles Murphy's bidding and because, as the records show, I have relentlessly pursued Mr. Murphy's henchmen in office. This has not been a fight about politics but a naked fight of dishonesty to crush a governor of the state of New York because he dared to be his own master.

"Just prior to taking office as governor, either just before Christmas or just after, I spent an afternoon with Mr. Murphy, at his request, at his private room. His attitude was very friendly and confidential. He said that he was my friend and that he knew my financial condition and wished to help me. As he went on I was amazed at his knowledge of my intimate personal affairs.

"To my utter astonishment he said he knew I was heavily in debt and offered to help me. Then he offered me money to pay my debts and have enough left to do the thing easy while governor.

"He said the money he was going to give me was the party's money and that I had been elected for less money than any other candidate in his recollection. He asked me how much I needed. As I did not want to be tied hard and fast as a governor in advance I declined his offer. He repeated it and again I refused. He said if I needed money just to let him know, saying they had 'cleaned up a lot of money on my campaign.'"

Sulzer then detailed another meeting with Murphy at which he urged Sulzer to appoint a friend of Murphy's as public service commissioner in place of several men whom Sulzer wanted.

"At this meeting and subsequently Mr. Murphy demanded pledges of me regarding legislation and especially concerning appointments. He insisted on my appointing his men for various state positions and especially urged the selection of James S. Gaffney for highway commissioner. Finally he said, 'I'm for Gaffney. The organization demands his appointment and I want you to make it.'

"I replied I would make no promises and he answered 'It will be Gaffney or war.'

"In several of my talks with Mr. Murphy I told him I was governor and intended to be governor. He laughed at me and replied: 'Are for saying this and said I might be governor but he controlled the legislature and unless I did what he wanted I could not get my nominations confirmed and he would block everything. We've found that he could not be governed. He sent several persons to Albany that I do as he said.

"My efforts for progressive government were blocked by the Murphy legislature. My final interview with Murphy was in April last. I warned him that he would wreck the party and accomplish his own destruction if he persisted in the appointment of his ward heelers and grafters and of violating platform pledges. He replied that I was an ingrate and that he would disgrace and destroy me."

Sulzer told of being threatened with impeachment by a prominent New York man unless he abandoned his opposition to Murphy and his efforts to punish certain grafters.

Albany, N. Y., Oct. 20.—Under pressure of those who are insisting that he run for assemblyman on the Progressive ticket on the Sixth New York district this fall, William Sulzer, who was to have left for New York with his wife, decided to remain in Albany until tomorrow. CIRCUS WAGON WRECKED, LIONS ESCAPE, TERRORIZE CITY

Leipzig, Germany, Oct. 20—When a street car collided with a circus wagon last midnight it liberated one tiger and eight lions belonging to an American circus and the city was in an uproar until daylight.

A female animal trainer succeeded in recapturing the tiger.

The lions had a merry time until the police killed six of them. They created a panic among the thousands of visitors here to attend the celebration of the Battle of Nations.

One lion leaped into the seat of a automobile taxi cab and thedriver fled leaving the passengers in a panic. A policeman shot the beast as it stood in the seat of the vehicle.

Five others were shot down on the streets. Two of the lions broke the plate glass windows in a hotel and had a high carnival all night in the corridors while the scores of guests barricaded themselves in their rooms and shricked for help. Several guests tried to escape from windows, but the presence of the other beasts on the streets kept them in. Police reserves, the fire department and several companies of soldiers quartered near here were called out.

A big fog added to the terror of the night. At daybreak two lions in the hotel were captured and despite the pleadings of the trainer were taken to the police station and executed.

This man, he said had an appointment with Mary Phagan.

The man left the building hurriedly half an hour later, saying "Something awful happened," according to Fisher. He supplied him with enough money to get out of town.

Wanamaker Rapped Colleagues In The Home Rule Decision

Columbus, O., Oct. 20—Vigorously condemning construction of the Home Rule amendment to the constitution which would restrict cities of the right to nominate and elect their public officials in such manner as they choose, Judge R. M. Wanamaker today handed down his written opinion in the supreme court's decision sustaining the new Cleveland charter provisions for nominating by petition and the non-partisan preferential form of ballot. Quoting the constitutional provision "that municipalities shall have authority to exercise all powers of local self government" and declaring it to be the corner stone of Home Rule in Ohio cities, Judge Wanamaker aims shafts at his three colleagues on the supreme bench, Judges Shauck, Newman and Donahue, who ruled the Cleveland charter to be unconstitutional because it abrogates the general election laws of the state.

"Any taxpayer, working man, business man, banker, physician, clergyman or any layman with average intelligence in English understands the clear comprehensive and complete grant of power included in the above words", his opinion reads.

TRIED TO SELL STOLEN AUTO IN THIS CITY

That Frank Caldwell and his companion, mention of whose arrest in Waverly yesterday on the charge of stealing an automobile, is made in another part of this issue, were in Portsmouth last Saturday morning and attempted to dispose of the stolen machine to local dealers, was learned upon arrival of Marshal Yahraus, of Waverly, in Portsmouth, at noon today.

It developed that the youthful thieves did manage to sell parts of the machine to Emil Arthurs, the Gay street bicycle repair man, all of which were recoverd by Chief Phillips and Marshal Yahraus this afternoon. These consisted of a horn, a pump, and a kit of auto tools, for which Arthurs paid $2.

Soon after his arrest and incarceration in the Waverly jail, Caldwell made a clean breast of his guilt, and told the authorities that he had sold several articles belonging to the machine at a repair shop in this city. Marshal Yahraus accordingly came to Portsmouth on the morning train, accompanied by Dr. George Linnbocker, of Springfield, the owner of the machine, and solicited the aid of Chief Phillips in locating the stolen goods.

After making a round of the various garages and repair shops in the city, the loot was located at Emil Arthurs' shop. At Friel's garage, it was learned that the lads had attempted to sell the machine there Saturday morning, while an effort to sell various necessories was made at the Davenport and Clausing shop on Gallia street. At neither place were the boys successful in making a deal.

According to the Waverly marshal the boy thieves drove to Portsmouth early Saturday morning to realize what they could on the stolen property, and being unsuccessful in their efforts, drove back to Waverly in the afternoon, where they were placed under arrest. He also stated that young Caldwell had been in serious trouble twice before, but that relatives had come to his rescue and had saved him from going to prison. Linnbocker, however, says that he will press the case to the limit, and that he will listen to no compromise.

Marshal Yahraus and Linnbocker were accompanied to Portsmouth today by City Detective Roy Barnsdill, of Springfield, who will take Caldwell and his companion back to Springfield as soon as he has collected all the evidence in the case.

Foreigners Start Near Riot Over In South Portsmouth

Imbued with the idea that they could terrorize South Portsmouth, possibly as a matter of revenge, they having been discharged while at work on the government dam three miles below the city, six foreigners, whose Nationalities ranged from a bandanna bedecked Italian to a copper colored Turk, swooped down upon the peaceful village across the river Monday afternoon, and were making excellent headway until Mayor Pack was summoned by Miss Bess Berry, daughter of Mrs. William Berry.

The appearance of Pack, who was wearing a menacing look caused three of the foreigners to break ground and disappear. The other three were rounded up and deported out of the village. Unable to find any one to scrap with the Sons of Spaghetti indulged in a melee of their own and they were beating each other up fine style until Mayor Pack invoked the stern right arm of the law. One Italian had his lip slashed with a knife, one stopped the business end of a club with his head with no damage to the club and another "wop" who reached for his stilletto was knocked down for his efforts. As the warriors did not object to leaving the village they were permitted to do so unmolested.

When one of them was asked why the men quit work he replied, "No money, we quitta de work."

OBITUARY

Mrs. Theresa Goodman.

Mrs. Theresa Goodman, one of the oldest residents of the city—she would have celebrated her eighty-seventh birthday had she lived until next Thanksgiving, died Monday afternoon, shortly after three o'clock, at the home of her son, Mr. George A. Goodman, on East Second. Her life was full of the peace and good that comes of sweet virtue, faith and charity. As a wife and mother and neighbor she left no duty undone. In her younger life there was much of trial and hardship, even great sorrow, but serenely and uncomplainingly she accepted every visitation and she died in the knowledge and joy that her Good God had brought her peace and joy and the love, devotion of her children, willing and anxious to provide for her every comfort and far beyond her simple desires.

She was married many years ago to Michael Goodman, who preceded her to the beyond. To them were born nine children, four of whom are living, Henry of Cincinnati, George A. and Adolph and Miss Anna, of this city.

The funeral will take place at St. Mary's church, of which she was a most devout communicant, but the time is not yet fixed.

It was her dying request that friends omit sending flowers.

DELINQUENCY IS CHARGED

Charges were filed in juvenile court this afternoon against Victor Holmes, a 14 year old boy, charging delinquency in that he threw a rock, severely injuring another boy, Albert Taylor. He will have a hearing next Saturday.

SOCIETY

Mrs. George O. Newman, after almost fifty years faithfully presiding at the Christ church and All Saints' church, as organist, has tendered her resignation, owing to ill-health. In all that time Mrs. Newman has been a faithful worker in the choir, being absent very few times, and that owing to illness. The All Saints church members very much regret for leaving the organ, as 'twill seem strange not to see Mrs. Newman in her place she has filled for half a century. She has always taken an active part in all the affairs of the church, where she is very popular with all members. She was ever ready to lend a helping hand on every occasion and the church will reluctantly accept her resignation, only owing to ill-health. Mrs. Newman's successor has not been chosen.

Mr. and Mrs. J. Q. Payne and Mrs. Simonton are at home from Roanoke, Va., where they went to attend the convention of the B. of L. E. and the G. I. A., which was attended by a large number of members. A side trip of one hundred and fifty miles to Luray Caverns was one of the pleasures. The meeting next year will be held in Portsmouth.

Reading, "All That Was Left"—Miss Rebecca Zimmicker.

Mrs. W. A. Johnston and Miss Catherine Johnston and brother, L. P. Johnston, of Walnut Hills, Cincinnati, are spending the week with Mrs. A. Pusateri.

Mrs. Jacob Schaefer, of Cincinnati who has been visiting friends here, has gone to McCulloch to visit at the Vastine home.

Dr. and Mrs. Howard Williamson have as guests Mr. and Mrs. A. R. Rosenberger, of Harrisburg, Va., who stopped her on their way to Chicago, where they will go Tuesday.

Mr. and Mrs. Edward Russell will entertain at dinner this evening Mr. and Mrs. Everett Taylor, Miss Jean Brashart and Mr. Ancelu Sheldon.

Hundreds Of Men March To Church

The Sunday services at St. Mary's church repeatedly packed the church. After the 9:30 o'clock mass Father French gave a splendid and practical sermon on the importance and the end of the Mission. His auditors followed him with closest attention.

The afternoon services were for the women. They filled every corner of the church, and chairs had to be brought in to seat them all. Father Donahue preached the closing sermon, emphasizing the importance of frequent communion in the life of virtue. He then dwelt upon the power of the good woman by reason of her beauty and virtue to lead men to good. After Father French invited all the women to be back next Sunday afternoon for the Lady's mission, Father Donahue imparted the Papal Benediction, for which the Holy Cross Fathers have received special faculties from His Holiness, Pius X. With Benediction and the hymn, "Holy God We Praise Thy Name," the services were brought to a close.

The evening services would have inspired even a cynic. Over five hundred strong, the men of Holy Redeemer and St. Mary's parishes proved conclusively that religion is not merely an affair of women. As the solid phalanx, lead by Father McGinirk, marched from the Knights of Columbus hall, filed into church and took their places, all present were struck with the truth that the age of faith is still with us.

After the instructions on Prayer by Father Donahue, the Rosary was said, beautiful hymns were then rendered, and Father French preached the sermon of the evening on "Faith." In part he said: "Of all the many beautiful sayings of our Blessed Lord, recorded by the Evangelist, it would be hard to choose one more beautiful and more significant than that recorded by St. John in the tenth chapter of this Gospel, "I am come, that they may have life, and have it abundantly." These words are a summary of His teaching, a revelation of His doctrine, the reason of the Incarnation. The life He came to give us in such abundance was a life beyond the power of sense and understanding, the mysterious longings of our human nature. That life leads us beyond the world of nature, beyond the realms of thought or imagination, into the presence of God Himself. Is Faith.

Faith is defined as a supernatural gift of God, which enables us to believe without doubting whatever God has revealed to us. That is, by the lives of many converts to the faith, such as Manning, Newman and Brownson. Faith in God is more necessary for humanity than faith in man. Necessary as is faith in the honesty and fidelity of those who administer our Government, who represent our nation at foreign courts, that command our army and navy, who have charge of our railroads and steamships, more necessary still is faith in God.

God has revealed to us what we are bound to believe. He has made the Catholic church the guardian of the faith.

Our blessing consists in this, that there is no uncertainty as to what we believe. Contrast our condition to that of the unbeliever. His soul is tossed hither and thither upon the sea of irreligion and finally sinks hopelessly beneath the waves of agnosticism, exclaiming, "Whence do I come?" "Whither am I going?" "What are my duties toward self, toward my family, toward my God? I do not know. I have nothing positive or certain on which to rely." You have but to inquire what is the Church teaching on these points and her voice, like Christ's word on Lake Genesareth, will bring a great calm.

He then briefly showed some of the ways in which faith may be lost, among which he noted association with irreligious persons, the reading of irreligious books, magazines and newspapers and disrespect to the divine teaching.

In conclusion, he said, "Let us remember that faith is not merely a Sunday garment, but, like the vesture of Christ, it must be seamless and grow with us day by day, until it becomes resplendant in the transfiguration of realization of all the church teaches.

The attendance of the women throughout the post work was splendid proof of their living faith and zeal. More than once were they complimented by the missionary fathers, for a zeal which neither the early hours of the morning services nor the inclemency of the weather could cool. It is hoped that the men will imitate their good example, and, judging from the large crowd last night and the splendid showing at this morning's instructions, there need be no fear about the result.

Why will people continue to suffer the agonies of kidney complaint, lack ache, urinary disorders, dizziness, headache, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

The Times has received the following pathetic appeal:

Ed. Portsmouth Times—Dear Sir:—Will you please make a special appeal for the return of boy's coat, which was advertised in your paper? This was the boys ONLY COAT, and as I am a widow with no means except what I earn, the child will have to stay from school until I am able to replace the loss, which I cannot do immediately. It can be returned to the Times office and he can call. The gold button, which was highly prized by the boy, was one earned at Sunday school for being perfect in all things for one year.

Ended In A Tie

The Portsmouth Giants braved the wind and the rain yesterday and journeyed to Ironton to battle with the Midway team of that city. The game was played on a sloppy field but there was some fast playing on both sides. The game ended in a 0 to 0 score, this being the second tie game that the two teams have played, neither side scoring. Smith showed his speed when he received a punt and ran for sixty yards before downed. Hensge and Molster did good work for the locals. Ferrie and Geswein were the main ground gainers for the Ironton team. The next game will probably be played in Portsmouth, and it is expected to be a very good game. The Portsmouth team did very well because they were outweighed 11 pounds to a man.

Rally Day Put Off For A Week

"Hearts Bowed Down" was the song that should have been sung as the opening ode at all Sunday Schools in the city, Sunday morning. The continual pitpat of the rain drops put an end to all thoughts of a successful fall rally, although some of the schools showed a slight increase over the average attendance. After surveying the field of action, the various superintendents came to a unanimous agreement that yesterday did not count at all, and the plan for a union rally was moved up one week. So next Sunday will be rally day. It takes more than rain to damper the enthusiasm of the Sunday school workers. The regulars were out, but the "extras" were kept at home—that's the sum total in a few words.

W. W. Gates, general chairman of the fall rally committee, recalled to mind that passage of scripture, ie., "the rain descends on the just and the unjust alike," and as he is quite a philosopher, he let it go at that and at his Sunday School, Second Presbyterian, had the boys and girls singing "Let A Little Sunshine In." Over at the First Christian church Sunday School, Charles M. Howland, efficient superintendent, was right on the job, showing more enthusiasm than ever. No doleful songs were sung in school, either—every one had sunlight and sun beams in them. Mr. Howland stated that the rally was a success anyway, for he surveyed the faces of 650 and stated that he was not the least bit like the weather. A happy progressive spirit permeated all Sunday Schools, and while the attendance fell far below the 10,000 mark, every member and visitor present decided to go to it next Sunday and see if the 10,000 mark could not be reached.

Chairman Gates stated, had the Sunday Schools been accorded Korn Karnival weather, there is no question in his mind but that the hopes of the workers would have been attained.

So it is a pull and a strong pull altogether for next Sunday, when the union rally will again be attempted. A little sunshine, with good dry footing is all that is asked. Give the promoters those weather conditions and the 10,000 mark will be reached or closely approached.

The attendance at the various schools yesterday was as follows:

Central Presbyterian	200
First Presbyterian	411

Y. M. C. A. CALENDAR

The biggest crowd of the season was at the Y. M. C. A. Sunday to hear a fine address by Rev. John W. Wirt Dunning on "Character Building." Mr. Dunning is a favorite with the railroad boys and always has a big crowd to hear him.

The calendar for the Y. M. C. A. week is:

Tuesday Evening Rev. W. H. Christian of the Central Presbyterian church. Subject, "So Near and Yet So Far."

Thursday Evening A. J. Dix, illustrated lecture on Chattanooga and Chickamauga battle fields.

Friday Evening Judge Beatty, Subject, "Sunshine and Shadows."

Raining And Rising

"Raining and rising"

Ever hear that awful phrase before? Doesn't it sound quite "floody," as it were? Sunday's gloominess and incessant rain recalled the famous high water stage phrase and it was on the lips of many people. Not because there was danger of a flood stage in the Ohio. Far be it from that, but simply because the weather was the same brand that is handed out around flood time.

In point of grayness and deep gloom Sunday won the palm. Old Sol was obscured all day and a constant rain fell, much to the discomfiture of those who had to stray away from the glowing fire place. It was the first real touch of fall and was followed by another dismal day on Monday. The rainfall Sunday amounted to .53. Nothing flood like about that, is there?

A BAD BUSINESS.

The voters of Ohio are having it impressed upon themselves that in repealing the constitutional provision, which made public bonds non-taxable, they perpetrated a sort of case of biting off the nose to spite the face.

Of course, the argument was all property should be taxed, but the voters failed to take into consideration the difference of that which should be and that which will be. It is a patent fact that few public bonds ever reach the knowledge of the tax assessors. If all of them did there would be enough increase in the tax duplicate to decrease the tax rate.

The other side of the argument was, the bonds would not be taxed in fact and making them legally taxable would mean an increase of the interest rate they must bear to make them saleable. Experience has proven this latter the correct view, as in effect, the rate of bond interest has gone up almost one third on an average. For where the usual interest was four per cent, it must now be five, with this added difference, that four percent non-taxable bonds sold at a substantial premium, that materially reduced the interest, while the only reason most public bonds, bearing five percent interest and taxable, sell at par is the law prohibits of their disposal below face value.

As a matter of fact there is no logic in taxing public bonds. Let us prove it: Say Porter township issues $25,000 in bonds to provide for better schools, or Scioto county issues $100,000 for building some real roads. These are purposes, which benefit all the people, for it is to the profit of the state to have good schools and good roads. The people, all the property owners of the township and county, pay the total cost of the improvement and betterments, the people of the state, outside of them pay nothing, though getting the incidental benefit. Or for another illustration: Portsmouth utters bonds to pay for paving streets, her citizens and taxpayers bearing the entire cost thereof. She pays three-fifths of the county road revenues. To compel the township, county and city to pay taxes on such bonds is actually penalizing them for improvement and progress, it is adding unjustly to the entirely individual burden each has chosen to put upon itself. Such a policy is not defensible in justice, it is not a fair and equable operation of the tax laws.

In November the people will have opportunity to again make bonds non-taxable and do the right and sensible things about themselves. They should avail of that opportunity to that end.

ASK THE WOMEN.

The deplorable condition of the streets, dirty and unkept is an old story to these columns.

But don't take our word for it, look about you and see for yourself. If you yet feel your eyes may deceive you then ask the women, the good housewives of the city, who take uncleanliness and disorder anywhere more to heart than do we men and you will hear something that will not leave you in doubt as to the deplorable and actually disgraceful condition of the thoroughfares.

There isn't a town anywhere else that finds its women more diligent in keeping the front of their premises and the sidewalks respectably appearing than here in Portsmouth. But this care and industry on their part is not responded to in kind by the gang administration. Time was when the city did clean the streets effectively. A woman could count on that portion of them in front of her home being swept to the day and hour once every week, but that time passed with the advent of the gang and it has actually become an event when the residential streets are swept, and a sort of lick and promise at that. Why, the west port of old Eighth was swept Saturday for the first time in almost six weeks and the eastern half of it, which has been neglected quite the same length of time wasn't touched.

Don't ask us to say why such negligence and indifference to the public comfort and order exists. All we can say is, it is just another exhibit of the gang contempt for the public. It isn't because there has been no money spent. The cost of street sweeping will show an increase of over two thousand dollars more over the amount spent for the same purpose the year before the gang came back to running the city.

JUST BOTH OF THEM.

The gangsters are poor guessers, or worse chanciers. Studying the evidence presented with a calm and judicial mind, our conclusion is they are the worst of both.

Now look how they dubbed on the waterworks.

First they called the people to an expensive election to vote bonds for the new waterworks plant. They asked for $400,000 and got it. Then the legislature changed the law of issuing bonds in some respects and the gangsters forthwith and immediately took advantage of that change to perpetrate $430,000—why $430,000 instead of $450,000 has always been a puzzle—yes, perpetrated $430,000 more waterworks bonds.

Then they rested for a spell in the arduous work of heaping bond issues up. Only for a spell, however, and a short one at that, for quite soon it was announced the calculation had gone awry and there would have to be $70,000 more waterworks bonds. And so there were, $400,000, $430,000 and $70,000, making a nice round total of $900,000, just an even half a million, one and two thirds more than the first figure.

And you, poor, deluded taxpayer, don't you go to guessing and figuring that is all and the limit. There is more to come, mark you that.

Oh, yes, the bonds have all been disposed of and interest is being paid on them though the waterworks are not completed and if they are in operation a year from now Portsmouth can count herself as in some degree fortunate.

MORE TO FOLLOW.

So "Hutch" is at last to get his little red wagon. This same Hutch that used to stand around and roar from hades to breakfast, in language far from polite what idiots and fools these Democrats—of which he was to wit—were for buying an auto fire engine.

Indeed, "Hutch" is to have a large wagon for his myrmidons to ride in every time they go out to run in some poor drunk, even if he did have to send out his "finest" to scour the city and bring in one of the gangsters to make a council quorum and the aforesaid buzz wagon is to cost the sum of $4,000. Who cares! "Hutch" runs up the bills and the people run down in their jeans and dig up the coin to pay them.

But, oh, my dear people, don't deceive yourself for a moment that $4,000 is all you are going to pay for that little red toy.

What about the salaries of the chauffeurs? Chauffeurs! Save! Don't you know under the state law there has got to be a chauffeur, which means a licensed driver to operate the consarned thing? Well, there has got to be, two of 'em, one for night and the other for day. At least that is the way "Hutch" will look at it, and there will be two more of his precious heelers on the city payroll, at $900 a piece. Nothing small about that fellow, "Hutch" he is! You wait and see how he makes the bills and the people pay them. What should he care about the people—didn't they repudiate him in the biggest majority that any man ever got defeated for mayor, or will ever be defeated by hereafter?

RECORD FIGURES TELL TALE OF GANG MISRULE

"This is your city. Public officers are your servants. It is for you to approve or disapprove of their conduct."

These are the opening words of "An Open Letter From Mayor Hunt to the People" of Cincinnati. They are the same sentiments The Times has always expressed and in order that the people of Portsmouth may intelligently and informingly pass their verdict upon their public officers, at the coming election, it has gone to the pains of assembling comparative figures upon the cost of operating the city government under the present city administration and that under the Democratic administration, which immediately preceded.

The first installment of these figures it presents today, making them a part of this article. They relate to the cost of operating the public service department and a study of them will prove instructive, as it is to be hoped they will prove helpful and profitable to the voter and taxpayer in bringing him to a right decision as to how he should vote for his own benefit and the welfare of the city. In no event can the comparison prove less than astonishing, demonstrating as it does the recklessness, the profligacy and the utter incompetency and unfitness of the gang creatures to conduct the business of the public and expend the money derived from taxes and other sources for the betterment of the city.

The figures are taken from the annual printed report of the city and can be verified by anyone taking the small trouble to note them in detail. The comparison follows, and it should be borne in mind that the first column represents expenditures in the last year of the Democratic administration; the second those in the first year of the gang administration.

Sub-Departments.	1911	1912
1. Administration	$ 3,725.25	$ 4,806.43
2. Out Door Relief	983.80	.....
3. Engineering	5,732.76	6,008.36
Engineering Inspection	1,805.50	741.25
4. Grading Streets	437.98	985.56
18th Street	1,200.00	1,319.36
5. Alley Paving	118.70	840.96
6. Street Repairs	6,272.25	11,766.95
7. Sidewalks	45.23	735.34
8. Street Cleaning	8,294.96	10,177.59
9. Street Lighting	15,269.25	17,147.59
10. Sewer Cleaning, etc.	1,265.41	2,738.13
Flood Defense	342.76	585.35
New Sewers	4,436.96	222.60
11. Garbage Removal	7,155.18	8,924.07
12. Markets	464.25	410.58
13. Wharf	705.15	466.64
14. Parks	1,138.72	490.36
15. Public Buildings	1,178.26	3,225.49
Totals	$60,572.35	$71,692.63

A glance at the totals, above shows that this department spent nearly one thousand dollars a month more in 1912 than in 1911. But when you analyze the figures further it will be conceded that the excess is nearer $16,000 for the entire year.

For instance, take the Item Number Two, Out Door Relief. A change in the law placed this expenditure against the Safety Fund taking it away from the Service department, beginning in 1912, so that the $71,692.63 which Service Director Williams spent does not contain any item of this character, and therefore shows practically a thousand dollars less than would be probably the case without change in the law.

Drop down to Item No. 10 and here will be found an expenditure of $4,436.96 for new sewers built by former Service Director Jones out of the Public Service Fund. The Democrats issued only $17,000 worth of general bonds in 1911, as against $71,000 in 1912 by the Republicans. Towards the latter part of 1911, the Sewer Construction Fund became exhausted and with a balance in an expense of some $200 for a small additional bond issue, the Democratic council decided to build the remaining sewers petitioned for out of the regular Service Fund, which had a neat balance. The expense was incurred and still the Democrats left office with a balance of $2,653.43 at the end of the year to the credit of the Service Fund. The small item $222.60 appearing in the 1912 column does not represent any sewer work done by the Republicans, but is the contractors' balances retained for one year to insure the work holding up to specifications.

Take Item No. 3 with the sub-head "Inspection," and this commentary can be made. City Engineer Hadson supervised over $13,000 worth of contract work in 1911 at a cost of $1,805.50 for inspection, whereas Engineer Harper charged $741.25 for inspectors' salaries in 1912, and had only $37,000 worth of public work. In other words, Harper charged almost half as much for his services as the former engineer did for the supervision of nine times as much work. Neither figure should be included in the totals and the balance sheet would then show another thousand in favor of the Democrats.

Eliminating these three items and it will be apparent that for ordinary running expenses of this department, the present Service Department was fully $16,000 more expensive than its predecessor.

But the excess does not end there. Take Item One, known as "Administration," and the increase of salary and its other items is almost $1,100.

Item Four is a standoff, since it was a council proposition purely, and a special appropriation did the work of opening and grading Eighteenth street, west from Chillicothe. Incidentally, it might be well to remind the Oakland Addition people, that the Democrats inaugurated this desirable improvement.

Item Five is pretty much of a scandal. The Democrats had a rule of furnishing labor, if abutting property owners would pay for the material for paving alleys. It is a matter of open record that the gang paved certain peoples' alleys and furnished material and labor. The property owners who failed to pay are not to blame, either, because in some cases, they were not consulted, in others they got an imperfect job of paving, and were justified in refusing to pay.

Item Six, that of street repair, shows an increase of $5,500, due entirely to a senseless waste. It was the Democratic policy to do good temporary grading of dirt streets against the time that the streets should be permanently improved by paving. The gang used the most costly material, crushed stone and graded streets that within a couple of years would be paved. A train of 41 cars of this crushed stone came in at one time, and the city paid demurrage on them for several weeks until they could be unloaded.

The street cleaning increase was entirely unjustified. Snow covered the streets the whole of January and February, 1912, and Art Monge and his crew drew down $1,900 more for the ten months last year than Jack Cropper did in the whole of 1911. Don't let any gang explainer tell you that there were any more streets to sweep, because the gang completed but four small paving jobs in 1912, and the sand was not scraped off of these until early in the present year. Had Monge and his bunch connected up properly January 1st, and swept streets during January and February in addition, they would have been a thousand dollars or so more expensive.

Garbage Removal! It seems unbelievable that the gang could spend $1800 more in one year and not be able to give approximately as good service. But that is the gang idea. A maximum cost and a minimum of service.

One appropriation shows the Democrats more expensive than their successors, but "There's A Reason." The Democrats kept ice in the public drinking fountains and this expense was charged against "Public Parks." When Safety Director Hutchins assumed control, he scorned the public bubble fountains, and at his behest, the fountains were caused to fall into disuse. Warm water was good enough for the people, according to the gang.

Public lighting is fixed by Council, and thanks to that cheap lighting contract which the Democrats got for the city, Portsmouth has double the number of street lights of the last preceding gang administration.

The Democrats plead guilty to keeping the wharf and markets in better shape than the gang, and they spent a little more for these purposes.

The discharge of a Spanish war veteran who was drawing $50 per month salary, and the placing of two politicians in his place at $50 a month each was the main feature in reducing the cost of maintaining the city buildings. Of course, giving a son a carpenter job at fancy wages upon all possible and impossible occasions helped some.

These are facts that can be substantiated in their entirety.

Mr. Taxpayer, when you go to pay your December taxes at a $1.45 rate, just remember that five cents of it could have been saved had the Service Fund been as carefully husbanded in 1912 as it was in 1911. On a $32,000,000 duplicate, it doesn't require much of a mathematician to figure that it takes just five mills to raise $16,000.

By the time the story is told of all departments, you can see that a one per cent tax rate would have been possible in Portsmouth with the practice of only fair economy. This with the 20 cents added by the voters and the five cents put on by the legislature would have been a 1.25 rate.

The friends of the one per cent law have not been running affairs in Portsmouth the past two years. Instead it has been a bunch of machine politicians who doubtless would be glad to discredit a measure which did not originate with their political party.

Cold And Coat Stolen

At a rather inopportune time Bertha Comeaus lost her coat, through theft, or she claims, and asked the police to recover it for her. St. [illegible] stealing girl, but the officials were unable to get a trace of the garment.

On Business Trip.

Harold Rice of Kinney street left Sunday for Norwalk, where he will remain several days on business.

Indigestion Overcome

Overcome by Simple Remedy

Hurried and careless habits of eating, irregular meals and foods that do not harmonize tend to weaken the digestive organs and result in different forms of stomach trouble.

If you are one of the unfortunate who have drifted into this condition, eat simple foods only, slowly, regularly and take Vinol, our delicious cod liver and iron tonic.

Mrs. H. J. Smith, Dansville, Ga., says: "I suffered from a stomach trouble, was tired, worn out and nervous. A friend advised me to take Vinol. My stomach trouble soon disappeared and now I eat heartily and have a perfect digestion and I wish every tired, weak woman could have Vinol, for I never spent any money in my life that did me so much good."

The recovery of Mrs. Smith was due to the combined action of the medicinal elements of the cod's liver, added to the blood-making and strength-creating properties of peptonic iron, which are contained in Vinol. We ask you to try Vinol, our guarantee is money back if Vinol fails to benefit you.

Squirrels Now Safe

With a sickening thud to local hunters, the lid dropped on the squirrel season Monday. The season found squirrels exceptionally plentiful and local nimrods, who saw the close with much regret, bagged a fair number of the game. This was the last day of hunting. Deputy Game Warden Ball has had a force of men in the woods to enforce the game laws and reports very few violations.

Brakeman Crushed

Getting caught between two cars as he was about to execute a coupling fake failed to warn Eli Dunn, an N. & W. brakeman, that one of the couplings had been broken off and he narrowly escaped being crushed to death between the cars.

When they came together he was pinned between them and his right collar bone was broken. The accident happened Sunday afternoon at 3 o'clock near Wheelersburg. Dunn was brought to the Hempstead hospital, where he will be a patient for a few days. He resides at 2005 Grand street.

Aged And Faithful

Attendance at the Second Presbyterian Sunday school were honored Sunday morning by the presence of three faithful Christians, whose ages exceeded the four score and five mark.

Mr. and Mrs. W. W. Gates, Sr., and Mrs. Cynthia Stevens have all passed the eighty fifth milestone in life, but despite their advanced age, attended the Sunday school and church on Sunday last. In recognition of their presence the members of the Sunday school gave them a round of applause.

An Odd Spectacle

From the windows of the top floors of the First National Bank building Monday morning could be seen a novel sight. It startlingly demonstrated the phenomena of nature.

In Portsmouth a cold, raw wind was whipping the city, driving pedestrians to shelter. Rain was descending rather briskly. Over at Union Mills the sun was shining. Scioto Valley was wrapped in veils of splendor. It was as if one were looking into another world, so strikingly was the spectacle.

RUMPUS OVER TRUNK

Again New Boston emerges from the dusty grind of toil to let her hair down and chuckle over a morsel of gossip. 'Tis said that a mother and newly married daughter have become estranged over the alleged refusal of the mother to give the bride of the village. To get her trunk the daughter is claimed to have sworn to use a little law.

When she enjoyed her home while she enjoyed her honeymoon. When the daughter came home, the mother refused to surrender it. This led to a rupture of feelings that reverberated through the environs of the village. To get her trunk the bride left her trunk packed.

50 Couples At Dance

Fifty couples attended the Eagle dance in the lodge hall in the corner of Sixth and Chillicothe streets, Saturday evening, and the occasion proved to be the most enjoyable of the season thus far. These dances will be given on every Saturday evening throughout the present season, but the committee in charge is spared no pains to make them popular among the lovers of dancing in the city.

Steve Rayburn has resigned his position as cook at the Washington hotel buffet.

PETIT JURY CALLED

The petit jury in common pleas court is ordered to report at 1 p. m. tomorrow.

The case of the state against James Potts will be called at 1 p. m. for a second trial. Potts was indicted for assault with intent to rape one Edna Margaret Mann, near Otway. A trial was had and the jury rendered a verdict of guilty as charged. His attorney, Theo. K. Funk, filed a motion for a new trial. On hearing this motion the court granted a new trial.

The defendant claims to have found additional evidence which will put a different color to the case.

Going To Ann Arbor

Karl Zoellner, Howard Harsha, William D. Trenaper and Evan Williams are forming a party of football enthusiasts who will go to Ann Arbor next month to see the game Michigan will play with Pennsylvania. Probably ten or twelve local people will be in the merry party.

ENJOYS PANAMA

Gilbert Bauer, who went to Panama some six weeks ago, as a stenographer, writes home that he is enjoying himself greatly. He witnessed the blowing up of the final bit of earth that let in the ocean water, and says it was a great sight. He also wrote there was a slight earthquake, but that it did no damage.

The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Sisk, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two bottles cured me of pneumonia." Thousands of other families have been equally benefited by relying upon Dr. King's New Discovery to cure their coughs, colds, throat and lung trouble. Every dose helps. Price 50c and $1.00. DIAMOND DOUBTS

Some people are never safer than when in doubt. Doubt is a good thing when it results in careful, thoughtful investigation.

It is the man who carefully and thoughtfully investigates Diamond values to whom Carr's Diamonds appeal. It is the snap decision—the result of only a superficial investigation—that sees only the slight difference in price, and overlooks the greater difference in quality between Carr's Diamonds and the bargain grades.

John Henry Moore.

An attack of pneumonia fever claimed its victim, John Henry Moore, 1310 Union street, Sunday morning at 8:45 o'clock, when he passed to the great beyond, mourned by a wife and eight children, besides a host of friends whom he had made during his residence in Portsmouth since moving his family here from Lewis county, Ky., last February.

Mr. Moore was 58 years of age and was a Christian hearted man. He was born in Lewis county, where he lived on a farm practically all his life. His health failed him two years ago and since that time he has lived a retired life, moving his large family to Portsmouth to give them a chance at completing their education. Until ten days ago he was enjoying fairly good health, but a trip down town resulted in his contracting a heavy cold and from the very start but little hope was held out for his recovery. He passed away peacefully, fully conscious until the end and telling his good wife and children that he was not afraid to meet his Master, whom he had served with great zeal during his whale life.

Mr. Moore had the distinction of being the father of triplets, one of whom, Alice, died when she was seven months old. The other two are living. Mr. Moore is survived by his wife and the following children: Leonard and Garland, both of Lewis county, Ky., Stewart, John and Mrs. Hettie Thurman and Misses Rena and Amelia Moore.

The remains will be taken to Lewis county Tuesday morning for interment.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Miss Dolly Wise:—Will you please tell me if there is any place in town where superfluous hair can be removed by an electric needle. And if there is no place in town where can I go? And how can I get information concerning superfluous hair?

ANXIOUS.

There is no place that I know of in this city where superfluous hair can be removed. Put equal parts of ammonia and peroxide on the hairs and it will bleach them so they won't be noticed.

Dear Miss Wise:—What will cure my father of crankiness

PAPA'S GIRL.

Sometimes loving him a whole lot is a cure, dear little "Papa's Girl." But I am sure you do that, anyway. Perhaps he has worries you know nothing about. Just make things at home as pleasant for him as you know how, so he will always be glad to see you and forget about being cranky.

Dear Miss Wise:—I have been keeping company with a young man quite a while, but suddenly discovered I like some one else. I have known this young man for as long as the other one. I don't wish to tell him that I don't care for him any more because I know he will be offended yet I want him to know. What shall I do?

KITTY.

Make yourself as unattractive to him as possible. Whenever he wants to come to the house or take you out, have some other engagement. He will soon discover that you no longer care to go with him and no doubt will cease to call on you.

Dear Miss Wise:—When I was a young girl I met a boy. We were very good friends and then we learned to love each other, but I did not think I liked him. He asked me to marry him, but I was so young and foolish as to refuse him. He then married another girl who was not a good girl, and then I found I was not happy and I was always comparing him with other boys and then I got a letter from him telling me he was not happy and finally, after quite a little correspondence I finally acknowledged I loved him and told him if he got a divorce I would marry him. Now if his wife were a good woman I would not have done this. Did I do wrong.

WORRIED WIFE.

Most assuredly you did. You had your chance once, and if this man's love for you had been the right kind he would not have married a girl who was not a good girl. You can't eat your cake and have it too. Neither can you change your fate back and forth just to suit your own convenience. You should help this man to be true to his marriage vows and not place temptation in his way.

Dear Miss Wise:—After my husband takes me to a dance that is the last I see of him except as he passes me in the crowd. This hurts my feelings dreadfully, but when I remonstrate he says I am only jealous. I think he is guilty of very bad manners, at least. Which of us is right?

MRS. T. D.

You are. The man should be told that he is an object of ridicule to all observers. It is not only the established etiquette, it is a matter of personal pride to a gentleman, to see that his wife's program is well filled, to dance the first, last and the supper dance with her, and to sit out certain numbers when she lacks a partner, or does not care to dance.

Dear Miss Wise:—I am a girl of 18 years, and I go with a man of 32 years. I think a great deal of him, and he, when with me, is very attentive and seemingly thinks a great deal of me. He owes me a letter and does not write, which he said he would. I am not writing, as I am afraid he does not wish to me. I am soon going to return and attend a dance where I shall meet him. He has kept no company with any girl but me for six months. How should I treat him? Shall I write before returning home?

MILDRED.

Perhaps when he sees you at the dance he will tell you why he didn't write. Be pleasant and courteous to him, neither too cool nor too friendly, and guide yourself by his actions. Do not write unless he has a very satisfactory explanation when you see him.

Dear Miss Wise:—I am a boy of 11. Will you please tell me how to clean a grey felt hat. Also, how to stiffen it without smashing the felt?

ARTHUR.

Put a little cold water into a saucer and add a few drops of ammonia. Sponge the hat with this thoroughly, after having brushed it free of dust. Then take a thick cloth, wring it out of cold water, lay it over the outside of the hat and iron it with a moderately hot iron until dry. When you pull away the cloth it will raise the nap and make it look almost like new. The ironing will also stiffen the hat some what.

REQUESTED RECIPES

(By Miss Dolly Wise)

Grape Butter.

Boil selected ripe grapes until soft; run through a colander to take out the seeds and skins. To a quart of the pulp use one-half, three-fourths, or one pound of sugar. Boil until the juice drops like honey. Another way: I add a large cup of fine apple sauce made of grape pulp, and proceed as above.

Never Fail Doughnuts.

Somebody asks for never fail doughnuts. Use one cup of sugar, three eggs, one cup of sweet milk, two teaspoons baking powder, flour to make a medium stiff dough. These are cheap and delicious, as they take up no fat.

Pumpkin Pie.

Two and one-half cups pumpkin, tablespoonful syrup, teaspoonful melted butter, teaspoonful ginger, half teaspoonful salt, yolks of two eggs, and sugar to taste, (nearly a cupful) beat together, add two cups of sweet milk and lastly beaten whites of two eggs. This makes two pies and it is fine, never fails.

The New Hope class of the First Baptist church will meet Thursday evening at the home of Mrs. Ira Bramfield, on Robinson avenue.

Mr. and Mrs. Fred Manning returned to Portsmouth last evening from Columbus, where Mrs. Manning had been undergoing treatment in a hospital for the past three weeks. She recovered nicely from a recent operation and was able to return home yesterday.

The ninth annual reunion of the Slocum, Turner and Yeley families was held Saturday at the home of Mrs. B. W. Yeley, at Wait's Station, in celebration of the sixty third birthday anniversary of Mrs. Yeley. Seventy was the number of relatives who attended from many places around this locality, each one taking along well filled baskets. Swickert, Mrs. Philip Pfarr and three children, Mrs. Laura Daniels and nephew, Paul Nichols.

The Buckeye Kensington club will meet with Mrs. T. M. Patterson of Ninth street, Wednesday afternoon.

Mrs. Kranky—"A friend of mine the other day was telling me how she used some kind of a soap in cool water and did all her washing so quickly. I say, 'What is done quickly is done slackly.'"

Anty Drudge—"Well, I know the kind of soap she was speaking about. It was Fels-Naptha Soap, and nothing that is done with Fels-Naptha Soap is done slackly. It does the best work I ever saw. I buy it by the box and use it all the time for everything."

No dirt is too hard for Fels-Naptha Soap to get rid of and you don't have to help it by hard rubbing or scrubbing, either. It works for you in cool or lukewarm water; makes clothes sweet, clean and white without boiling. It does all kinds of housework in half the time with less than half the bother. Freshens up everything it touches.

Buy it by the box or carton. Easy directions are on the Red and Green Wrapper.

Comb Sage Tea Into Gray Hair

Darkens Beautifully and Restores Its Thickness and Lustre At Once.

Common garden sage brewed into a heavy tea with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and lustrous; remove every bit of dandruff, stop scalp itching and falling hair. Mixed into Sage Tea and Sulphur it does at home, though, is troublesome. An easier way is to get the ready-to-use form, called Wyeth's Sage and Sulphur Hair Remedy, which is much nicer and lot of more

While sage and sulphur hair darkener has been in all the rage for our grandmothers' generation, and many preparations by darkening your hair with Wyeth's Sage and Sulphur it one can tell it is not, as it darkens naturally and evenly. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxurious and you appear years younger. This sale by The Fisher & Streich Drug Store, Sixth and Chillicothe.

Two hours later, however, Weeks complained of severe pains in his right side. A physician was summoned and an hour later Weeks was on the operating table undergoing an operation for appendicitis.

The fall from the wheels it is thought aggravated his condition and brought to light symptoms of appendicitis that had lain dormant under normal conditions. Weeks was resting easily Monday afternoon.

Local Ministers Against Russellism

The Ministerial Association, at its meeting Monday morning, discussed "Russellism," a cult that has quite a few followers in Ports mouth and many other cities.

A committee composed of Revs. T. H. McAfee, C. S. Brooks and J. W. Hanning was named to draft a resolution on "Russellism" in Portsmouth. It will make its report at the association's next meeting.

At today's session Rev. Brooks had an open discussion on the subject and at times it waxed quite warm. "Russellism" was decried by the ministers who went on record against it.

Rev. Brooks, in his talk today, frequently quoted the Brooklyn Eagle, a paper that was sued for $100,000 by Pastor Russell, who eventually lost out in the higher court.

WHEN BAER HUNTED FOR VENTRILOQUIST

Officer Jake Baer was patrolling up Gallia street on a dark and stormy night when an appealing voice, apparently coming from the High School building, shouted "Jake, Oh! Jake, Come here quick."

Jake lost no time. He darted towards the school building, his steps being quickened by another cry of "Hurry up, or you'll be too late."

Jake hunted and hunted, almost climbing the sides of the building in his haste.

Then from a man out on the sidewalk came a call, "Come on Jake, there's nothing doing."

And Jake learned that Indian Joe was some ventriloquist.

1,500 UNIFORM JUNIORS ARE COMING TO CITY

Portsmouth will be a tented city the last week of August, 1914, when the state encampment of the Junior Order of the United American Mechanics assemble here. According to present announcement, fully 1500 Juniors, fully uniformed, will be here. The members of the local council are now casting about for a site on which to stake their tents. There are several locations under consideration, but none fully comes up to the required demand.

The assembly will represent the military branch of the Jr. O. U. A. M., and according to local juniors, the two regiments in Cincinnati will charter a steamer, being joined in the Queen City by the Hamilton regiment. Word has been received that regiments 1, 2 and 3 are sure to be here, with every company fully represented. Not less than 1500 men are expected, and it is an infallible rule that every person attending the encampment wear the military suit. The local military team have received their new uniforms, and they made a striking appearance in the Korn Karnival parade when they wore them for the first time.

The drill team will journey to New Boston tonight where an attempt will be made to organize the camp into a military branch. The members of the local camp will meet at their hall, Findlay and Ninth streets, this evening and go to New Boston in a body.

GRAY ENGINES.

Tom Burt, agent for the Gray Motor company, has sent them a photo of his booth at the Karnival with the stationary and marine engines running at full speed. Tom is very proud of the line points in these engines, such as easy starting, quiet, steady running and economy of fuel. In these days of running eight hours each, there was not a single stop for adjustment or repairs. These engines elicited no end of favorable comment from those who saw them. The Gray is a high grade engine, and reasonable in price. The stationary is very popular for farm and shop work, while the marine is a great favorite for boats. In the local harbor there are 28 Gray engines. More than half our local motor boats are equipped with the Gray. In the photo the engine is in a large boat and the propellor is revolving at its highest speed. adv. 1t

Barracks Dedicated By Salvation Army

A large crowd attended the dedicatory services at the new barracks of the Salvation Army on West Second street Saturday evening. Fully 150 persons were present, and the meeting was one of the most enjoyable ever held by the Army in this city.

Conrad Gasdorf, a Cincinnati evangelist, was secured as the principal speaker for the occasion, and he preached a stirring sermon on the subject, "How Shall You Escape If You Neglect So Great a Salvation?" Special music featured the evening's services.

The Salvation Army has made fine progress in Portsmouth since it has been under the leadership of Captain Hazel Mehling and Lieut. Alma Zillner, and recruits are being added daily to the faithful little band.

The meetings yesterday were well attended, the Saturday evening meeting arousing unusual interest in the work of the army. Open-air meeting was held at the Lower Market square esplanade yesterday morning at 10 o'clock, Sunday school at the barracks at 1:30 in the afternoon, open air meeting in York Place at 3 o'clock, open air meeting at the Government square at 7 o'clock in the evening, followed by services at the barracks at 8 o'clock.

Brigadier Dunham, of Cincinnati, who was expected in Portsmouth yesterday, sent word that he could not come, but that he would be here on an inspection visit November 1 and 2.

ONE WOMAN CAN VOTE

One woman at least in Portsmouth is qualified to exercise the prerogative of voting for members of the Board of Education.

There may be other women in the city entitled to vote, but the election board is unaware of their names.

MANLY CHURCH NOTES

Despite the inclement weather, the services at Manly M. E. church were well attended Sunday. There were 411 in Sunday school. Chester Davisson was chosen to represent the Sunday school at the Anti-Alcohol convention to be held at Columbus this week. E. F. Rideout was chosen to represent the Epworth league and Rev. L. I. Hart to represent the church.

Accuse Youth Of Stealing An Auto

Following out a practice started some years ago enabled Marshal John Yabrans of Waverly to nab two suspects as automobile thieves at Waverly Saturday, and they are now being held at the Waverly jail awaiting the arrival of officers from Springfield, who will take them back to Springfield to face a charge of grand larceny.

For some years past it has been the policy of the Waverly marshal to jot down the number of every foreign automobile entering or passing through Waverly. When Frank Caldwell, a former Waverly lad, and his youthful companion drove into Waverly last Friday with a large touring car Yabrans entered the number of the car on his list.

Saturday morning he received a circular letter from the Springfield police department asking him to keep a sharp lookout for a car stolen in Springfield earlier in the week. Referring to his list, he discovered that the number on the stolen car tallied with the number on the machine driven by Caldwell. He accordingly got into communication by telephone with the Springfield chief of police, who ordered the arrest of the pair of alleged thieves and their detention until an officer could arrive and take them into custody. The officer is expected to arrive today and the two lads will be returned to Springfield at once.

Young Caldwell is an adopted son of former U. S. Secret Service Detective George Caldwell of Waverly, and made his home at Waverly until a few years ago. He was located in Columbus until a short time back, when he came to Portsmouth to work on the construction gang of the Portsmouth Telephone company. He was located here about a month, leaving here about two weeks ago. The arrest caused quite a stir in Waverly, as young Caldwell has never been in serious trouble before.

Wound is Mystery.

After receiving treatment for his wound at the hands of City Physician C. W. Wendelken, and either refusing or unable to throw any light on the mystery as to how he received the wound, John Hatfield was dismissed from the city prison Sunday. He has a jagged hole in his left arm, inflicted either by a knife or a bullet, the physician being unable to state which.

BEST JUDGE OF MERIT

"The people are the best judges of merit," said Poor Richard. For nearly forty years women have been buying Lydia E. Pinkham's Vegetable Compound; they keep on buying it, and they will continue to buy it just as long as it proves such a wonderful success in curing female ills. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and the test of time has proved its merit. adv.

Trinity Bible Class

(By H. M. S.)

Rally Day weather for the Sunday Schools was the worst ever, yet 159 men braved the continued downpour and registered at the Men's Big Bible Class at Trinity. President Jack Hood, who is over in Gotham, was missed, as the class doesn't look natural witout Jack. In the opening Prof. John McMillan lead the singing, his talented young daughter, Miss Kate, presiding at the piano. Chas. C. Bridwell read the scripture lessand the class recited the Lord's Prayer in unison. Prof. J. H. Finney began hi saddress with a review of preceding lesson, dealing with the punishment of Aaron and Miriam for their jealousy and envy.

"Aaron and Miriam rebuked for plotting against Moses. Miriam receiving the most severe punishment, leprosy. Why is it that women since this time until today have always been the goat? Even today society takes a man back into its bosom but woman is ostracised."

The question by John McMillan was brought out that Aaron suffered as much as Miriam by bringing her into it. Teacher dissented McMillan, stoutly maintaining his position. Prof. Finney claimed Moses suffers equally with Aaron and brings about her healing.

"Be careful about saying things about anyone making a fight for right.

"Are successful men always exposed to the bitterness of those of lower grade? If you are talking about anyone you are thus placing him above you. Billy Sunday says that is the price you have to pay for being successful. If you want to be great pattern after Moses. He was impervious to criticism."

"Jealousy and criticism almost wrecked the Army of the Potomac. It will wreck any church."

Second Lesson

The report of the spies sent to view the land of Canaan. Did the selection of these twelve spies and the sending of them out show a weakness in faith in God? L. W. Bragdon said yes. Chas. E. Hayd said no.

"It was to show them the work that was mapped out ahead of them. Nothing comes without effort on our part. We must do our best and God will then supply the rest."

Prof. Finney said the great struggle today is between belief and unbelief. The people who are making successes today are people of great belief in the present and future.

Next Sunday the big class and Trinity will try to rally again. Meanline Billy will be run out of town and Herb given his job to insure some decent rally weather.

BIGELOW BIBLE CLASS

Notwithstanding the inclement weather which gave men an excuse to stay indoors, the men's bible class of Bigelow Sunday School, had 87 present.

The study of the lesson was very interesting, and those who did come out were well paid for coming. There was much difference of opinion as to the report of the men who were sent by Moses to view the land of Canaan. These men were to make a careful study of the conditions. They were to be the eyes and ears of the people, and much depended on their report. Their report was as would have been a report of men today, all could not see alike. Twelve men today may witness an occurrence and when asked for a report they would not agree inall the details yet in the main they may be correct. In this instance they all agreed that it was a land that flowed with milk and honey, but some of them feared trouble in getting a foothold as it was filled with a people that were apparently guard their holdings, and could not be expected to give up without a struggle. These were interesting questions, and the discussion became enthusiastic. An effort will be made to have at least a hundred out next Sunday morning, and all agreed to that end. The room in which the class meets is always comfortable, and the stranger is always given a cordial welcome. Those who do not attend Sunday School anywhere are especially invited to come, and they are promised an interesting and enjoyable time.

Kingdom At Hand?

Pastor S. J. Arnold of Dayton, who spoke Sunday at the Exhibit theatre under the auspices of the I. B. S. A., stated that the kingdom of Heaven is soon to be set up and said that it is surprising how newspaper statements agree with the Bible statements of what would be the visible evidence that we are now in the very time when God is setting up His kingdom. He quoted from Daniel's prophecy that "in the last days men shall go to and fro and knowledge be increased," and said men did not go to and fro 50 years ago, because they could not, for it required four months to cross the ocean, while now we can cross it in as many days, and similarly so in crossing the continent; we now can travel as far in a day as we did 50 years ago in a month.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

SaysDr. Edwards, a Well-known Ohio Physician

Dr. F. M. Edwards, for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then, just to keep in the pink of condition.

WANTS TO SELL HAIR TO CLOTHE HER BABY

Abandoned by her husband, destitute in the fullest sense of the word, Mrs. Nora McCluskey, who gave birth to a winsome baby girl at the hospital some days ago, wants to sacrifice her beautiful head of hair that she may keep with her and care for the little one, whose caresses are the sole light in her unfortunate life. The child needs clothes and the mother in her extremity has appealed to the nurses to find some one willing to buy her hair that she may purchase the needed clothes.

The authorities suggested that they get some one to adopt the child and newspaper publicity resulted in several applications, but the mother is frantic at the thought of being separated from her baby, and pleads to have it kept until she is strong enough to work and support it.

She is praying that she may be able to find a home somewhere where she can work and take the child with her. The nurses of the hospital have become very much attached to the baby, and are in sympathy with the mother. They say here is an excellent opportunity for those who are charitably inclined to do good work. They need baby clothes, and the mother needs clothing, anything sent to the hospital in this line will be very thankfully received by the mother, and by the attaches of the hospital.

For Bright Eyes and Clear Nose

Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is doubtfully known that catarrh can be cured by the simple process of inoculating the blood with antiseptic remedies that stop inflammatory conditions through out the mucous linings of all the organs of the body. This is done with the famous Swift's Specific or as it is widely known, S. S. S. It is taken into the blood in its materials as the most nourishing food. It spends its influence over every organ in the body, through all the veins and arteries, and quickly all mucous surfaces to exchange inflammatory colds and irritating secretions for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, supplies only pure blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache and general improved health condition.

For special advice on any blood disease write to the Swift Specific Co., 223 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. from your druggist.

Always insist that you want S. S. S. and resisting the efforts of all attempts to sell you a substitute.

WANTS CHURCHES OPEN SEVEN DAYS A WEEK

"Churches in Portsmouth open seven days in the week," was one of the innovations urged by Dr. Charles S. Robertson, pastor of the Second Presbyterian church yesterday evening when he began a series of sermons on facts about conditions today, his opening subject being "Dangers and Safeguards of Young Men." The sermon was a forceful one, full of striking ideas along the lines of the dangers that confront the young men and the way to combat them, and created much interest and comment.

Dr. Robertson pleaded for the day when all of the churches in the city would throw open their doors every day for prayer, and every night to afford the young a meeting place not attended with snares and danger. He also paid warm tributes to the Y. W. C. A., the Railroad Y. M. C. A. and the Boy Scout movement, and said that a Y. M. C. A. in the city was badly needed and that great honor would come to any who would make such an institution possible.

The necessity of the churches taking such action came as the close of a terrific arraignment of the world today, in which Dr. Robertson enumerated the evils that beset the young man, and said that the year 1912 made a new record for crime and that 1913 bid fair to eclipse it.

EVENING TIMES SPORTS

EXPLAINING IS A FAVORITE PASTIME

Do you know why the Athletics trounced the Giants so decisively and so convincingly in their recent championship series? You don't?

Well, McGraw has come forward with the brilliant deduction that it was all due to the fact that the Mackerels secured the jump on his team. And there are many fans who firmly believe that they not only secured the jump, but they also got the hop and step on them.

Johnson To Pitch

When the Giants and White Sox stop off in Joplin, Mo., in a few days to play an exhibition game while on their way to the coast, Walter Johnson will pitch for Joplin and Matty for the Giants. It will be the first time these two great hurlers have ever faced each other.

Played In Rain

The golf bug is a wonderful thing once it gets into your system. For real dyed-in-the-wool and rubber-in-cotton golf players Portsmouth has a few that are in a class by themselves.

In a constant downpour of rain Sunday afternoon, John Wilhelm, Charley Mitchell and Sidney Davidson played several rounds at the local links. Wilhelm made "bogey" and led most of the way. The other players made for a bundle of dry clothes just as soon as the last whack at Mr. Elusive Pill was taken.

ATE SALMON; VERY ILL

Eating salmon for dinner Friday noon, Philip Frantz, of 1607 Seventh street, shortly after he returned to work as cabinet-maker at the Watt Furniture company's plant, was seized with all symptoms of ptomaine poisoning. He managed to reach home and for several hours was desperately sick. Saturday he was greatly improved and returned to work Monday.

R. H. Dyer, car inspector of the N. & W., went to Columbus Monday on business. The N. & W. recently damaged several steel cars belonging to the Pennsylvania and Mr. Dyer's mission in the Capital City is to adjust the damage.

REDS SECURE COUCHMAN

Pitcher McGraynor, who was recalled from Montreal by the Reds, has been permitted to return to that city. The Reds get Couchman instead of the former Babe pitcher. W. A. Phelon of the Times Star says that the Reds wanted "Couchman" to keep company with "Davenport," whom they recently signed.

Michigan Beaten

Poor Michigan.

They bowed to the prowess of the Michigan Aggies Saturday in their annual clawing match on the gridiron. The Aggies beat Yost's famous Wolverines 12 to 7. It was the first victory the Aggies have ever scored against Michigan. Local "grads" of Michigan were very blue Sunday when it became known that their dear alma mater had been humiliated by a football team representing a little agricultural school up in Lansing, Mich.

SELBY WAS PICTURED

Sunday's Columbus Dispatch printed a splendid half-tone of Rae Selby, full-back of the Ohio Wesleyan football team. The Methodists played the University of Cincinnati Saturday and were defeated by the score of 44 to 3. Ohio Wesleyan has the poorest team in recent years.

Resulted In Tie

The state championship in football circles was clouded Saturday when Ohio State and Oberlin battled to a scoreless tie, neither goal being crossed. Just who the 1913 champions will be will not resolve itself into a scoring proposition between Oberlin and State. If they win all their games the state championship will go to the eleven that has piled up the largest total score.

Maurice Briggs starred in the Oberlin-State game, playing brilliantly both on the offense and the defense. He made repeated gains for the Scarlet and Gray, but Oberlin repulsed any attack that bid fair to blossom into a score. Briggs was conspicuous in every play and lived up to his reputation as being one of the best halfbacks ever turned out by State.

Has Earned His "Y"

Yale walked all over Lehigh Saturday in their annual conflict on the gridiron, the final score being 37 to 0. H. A. Marting played center for Old Eli and was in many of the most spectacular plays skillfully executed by the Yale line. Marting has already earned his "Y" so eagerly coveted by football players.

Game Was Called Off

The football game scheduled for Sunday at Millbrook between the Smoke House team and the Tigers of New Boston was postponed because of the incessant downpour.

Williams On Team

Graves Williams of this city has made the Lafayette college football team at Easton, Pa. His early training received on local gridirons has good play and Williams is distinguishing himself at Lafayette, which always has one of the best football teams in the East. Williams is a former P. H. S. star.

BROPHY NOT IN FORM

Failing to play up to his usual form, John Brophy, caretaker of the local golf links, figured about as prominently in the Western Golf tournament held last week in Memphis as a Republican does in an election in Texas.

There were 32 contestants from all parts of the country and Brophy finished 17th. He had expected to finish among the first six or eight participants. McDermott of the East made the best score, 295. Brophy's best figures were 330.

To Be Well Paid

When Champion Billy Ritchie and Leach Cross enter the ring in New York in two weeks they will haul down the largest sum ever given to two lightweights for a ten-round bout. Ritchie is to get $12,000 spot cash before he enters the ring, and Cross will get $8,000.

WANTED TO LICK MEYERS

New York, Oct. 20.—Larry McLean, former catcher for the Reds, figures in a story printed here about how he started to go to the home of Chief Meyers and thrash the big Indian.

McLean was not given a full share of the world's series money and protested. Twenty-five of the players contributed $20 apiece, making up a purse of $500 for McLean. He demanded $500 more and, it is said, twenty-four agreed to come through with another $20 each, but Chief Meyers, over the telephone, said he would not give "McLean a nickel." McLean, it is said, ordered a taxi cab to go to Meyers' home, but was dissuaded by fellow players.

GIANTS WON OPENER

The Giants and White Sox started their round the world tour in Cincinnati Saturday and were greeted by 5,000 fans. The Giants upon being assured that the Athletics had disbanded for the season proceeded to open the famous tour by winning from the White Sox in easy fashion, the score being 11 to 2. Mathewson pitched for the Giants and was opposed by Benz.

Mack J. Fourth.

Mack Jay finished fourth in the 2:15 trot, which was finished at Lancaster Saturday. Two heats of the race were run Friday. Mack Jay is owned by Jacob Hetzel of the firm of Giesler & Hetzel, local butchers.

Outlook Is Promising

Supt. J. T. Carey of the N. & W., went to Williamson Monday on a short business trip. Business on all divisions of the road is good and coal shipments continue very heavy. "The outlook is for steady business throughout the winter months," said Mr. Carey Monday before leaving for Williamson.

GET MANY PLEDGED

William B. Fee and his associates stated today that they felt highly encouraged over the support accorded them in their effort to establish a new telephone system for Portsmouth. "We have met with no set back whatever," stated Mr. Fee. "On the other hand we are sanguine we will have 2,000 pledged subscribers within a few days."

It is the present intention of Mr. Fee and his associates to take over the Bell Telephone company in the event the desired number of subscribers is assured.

BIG EXHIBIT FEATURE

The Exhibit has secured another of those great "Thanhouser" features for today, as they are showing the sensational three reel feature, "The Message to Headquarters," a thrilling story of the secret service.

A young Italian officer in the Carabinieri saves an American tourist in Italy from bandits, and so incurs the everlasting enmity of the evil doers, who have confederates in all parts of the globe.

Later he visits the United States and is captured by American confederates of the bandits and only escapes through a fellow captive Yankee detective's message to headquarters.

See this great feature and see how this Yankee detective sent his message for help while hanging by his heels from a beam in the ceiling, where he had been hung by the bandits.

This is a great feature, full of surprises and startling scenes. Don't fail to see it. It is sure to please.

BANANA EATING CONTEST ENDS WITH TWO LADS VERY SICK

Two youths, Paul Davidson and Orvel Sprague, had a banana eating contest Sunday. Orvel ate eleven and Paul nine specimens of the fruit indigenous to the sunny land of Italy. Before night fall the lads were racked under the covers, the sickest conquering heroes ever on the outside of large doses of castor oil. Sprague is a son of O. C. Sprague, 1409 Third street, and Davidson a son of P. V. Davidson, 1207 Third street.

BALLOTS WILL BE PUZZLES

When the voter steps into the booth at New Boston on November 4 he will need a private secretary or a diagram of ballots. There are six ballots to be handled out.

One calls for annexation, another for a $10,000 school bond issue; also separate ballots for justices of the peace, the board of education, New Boston village general ticket and the Clay township ticket.

STEEL COACHES COMING

Announcement was made Monday that the N. & W. would receive its second installment of all steel coaches some time this week. There will be eight in the allotment. All through trains are to be eventually equipped with these cars, which add so much to the safety of the passengers.

Quite a while ago the N. & W. ordered 25 steel coaches and with the arrival of ten more of them this week they will still have five in process of erection.

Auditor Donahey announced several changes Saturday in his staff of accountants. Examiner Doyle was also informed that his services were no longer needed. Coe and Doyle are Republicans and they were permitted to hold on until their successors could be chosen.

THE TELEPHONE SITUATION
Will Be Made Plain to You

Important to Telephone Users

To the People of Portsmouth, Ohio

According to the public press, some persons are seeking to tie up the people by getting them to sign up telephone contracts.

THIS IS UNFAIR TO THE PEOPLE. Why should the people of Portsmouth tie themselves hand and foot to any telephone company? Why not let the telephone company produce the goods? The Portsmouth Telephone Company does not seek to take an advantage of Portsmouth citizens by getting them to sign a contract that ties them up to any sort of service. This Company asks the people to wait until this and all other companies or persons who seek their patronage show what they can give the people.

THIS COMPANY IS NOT SEEKING TO MISLEAD THE PEOPLE BY MAKING STATEMENTS FALSE OR OTHERWISE OF ANY RIVALS OR PROPOSED RIVALS. WHAT THE PEOPLE DEMAND IS EFFICIENT TELEPHONE SERVICE. THIS COMPANY PROPOSES TO GIVE THE PEOPLE SUCH SERVICE. Let the people refuse to tie themselves up by contract until they have had a chance to test the service offered them. This Company is not asking the people to take its promises. It insists that the people should demand of this Company that it exhibit to them the kind of service it proposes to sell them. They should do this with every other company or person.

THE TELEPHONE SERVICE OF THE CITY OF PORTSMOUTH IS TOO VALUABLE, TOO IMPORTANT TO BE TIED UP BLINDLY BY CONTRACT. There are no reasons for any company that is acting in good faith with the people demanding that the people tie themselves before the Company does anything. This Company knows of the many false and misleading reports now being circulated in this city. Their circulation can have but one purpose, that is to mislead, deceive and get an unfair advantage of the people. This Company has no skeletons in its closet. It is perfectly willing that its past and present business be made public and it is not only willing that this should be done but it proposes that it shall be done. The people of Portsmouth have too much business sense to tie themselves up to anybody or company until they know what they are to get.

The people do not want promises, they want service. THIS COMPANY PROPOSES TO GIVE THE PEOPLE THE FACTS AS TO THE TELEPHONE BUSINESS PAST AND PRESENT IN PORTSMOUTH. Until you know all the facts and have had an opportunity to test the service offered you should not tie yourself by signing any sort of a contract.

IF THE PEOPLE REFUSE TO CONTRACT WITH THIS OR ANY OTHER COMPANY UNTIL THEY ARE FURNISHED PROPER SERVICE THEY WILL GET THE BEST.

If the people suffer themselves to be hoodwinked into tieing themselves up they will have to take what the company sees fit to give them.

Greatest hit ever scored by any picture house in Southern Ohio!
Every picture a Gem–distinct and clear!
Korn Karnival reproduced on canvas!
See the fire department in action!
See the happy faced school children and their corps of teachers.

See the new water works, the Excelsior Shoe Co. and the big army of employees leaving the building.
See the Modern Woodmen of America degree team in action.

Come to the Columbia theatre tonight, Tuesday, Wednesday or Thursday and witness the reproduction of two big reels as the screen shows Portsmouth as she is today. You can no doubt be seen in some of the pictures, for ten thousand faces have been depicted and you are doubtless somewhere in the throng. One of the best features of the many is the Boy Scout relay race, and their athletic carnival on government square.

The pictures are as clear as a bell and Manager Tynes exhibited them to 100 business men Monday morning, who pronounced every one excellent.

Says Potato Crop Is Generous One

O. D. Hawley, a wealthy farmer of near Hesperia, Michigan, is registered at the Harris House, while making arrangements to dispose of several cars of potatoes in this locality. According to Mr. Hawley, Michigan boasts of the largest potato crop in its history, and the farmers reaped double and sometimes treble the usual yield this year.

Mr. Hawley says that the finest potatoes he has ever seen can be bought in Michigan at forty cents per bushel, and adds that the price should not go much beyond that figure here. He says that reports to the effect that the potato crop is short this year over the country is not true, and that it is merely the result of some dealers to create a false impression among the consumers.

He also stated that the peach and apple crop in Michigan was above normal this year, and should have the effect of keeping the price from being excessive.

Police News

Attending the Eleventh street mission Sunday afternoon in a drunken condition, Harrison Gifford became boisterous and had to be locked up. In police court he was fined $10 and costs and given a scorching lecture for disturbing the worshippers.

While under the influence of liquor Saturday afternoon, George Mingus acted in a very improper manner and when he appeared in court he was fined $10 and costs for exposure of person.

When Officer Rome Arthurs picked up William Freeman, of Ottway, Sunday afternoon, he found what the police call a "gusher." Freeman was rich, with $50 in his possession. His drunken condition and disorderly conduct around the N. & W. depot cost him $10 and costs.

In addition to having his nose bruised, when he resisted arrest, Zeke Wilson paid $10 to secure his liberty in police court. He was arrested Saturday along with Pel Wishon for being drunk at the N. & W. depot. Pel didn't have any money and he is still held.

Because his niece did not appear against him to substantiate her charges of improper advances, C. Shoemaker, a steelworker, arrested Friday night at the home of Louis Burke, near the golf grounds, was dismissed.

ASSAULTED WHILE HE BADE GIRL GOOD BYE

While taking a good night departure at the gate of his best girl on Malbert road Saturday night, Foster Hamilton claims that he was assaulted by an unknown person. According to the story he told the police he was alone, the fellow stepped up behind him and struck him on the head, knocking him down.

When he attempted to rise, the fellow drew a gun on him and ordered him to go to the N. & W. Y. M. C. A. as fast as possible. Hamilton did so, but he did not give the police a description of his assailant.

Local Views Shown

Familiar scenes of Portsmouth were thrown on the screen at the Columbia theatre Monday morning in the trial exhibition of the pictures taken during the Korn Karnival by a Pathe representative. It is a novel sight to see many familiar faces on the screen. The pictures are excellent and rival the more pretentious that appear from day to day in the local houses.

Business establishments, the fire departments, ambulances, public schools and varied other reproductions of interest are to be seen. Manager Tynes announces that the pictures run in two reels will be thrown on the screens the first four days of this week.

It is more than probable that your picture will be seen among the thousands of faces that will be thrown on the screen. The fire department will be seen in action, every department being thrown on the screen. Some of the leading stores and their boxy of clerks are shown. One of the most interesting of all is the series at the Excelsior Shoe Co., when the big plant closes down at the noon hour. The crowd lines up in front of the building and the men while waving hats and girls their aprons are snapped true to nature. In fact where ever a person was fortunate enough to get in the pictures a smile is seen. It is a continuous performance of smiles—the Karnival spirit is everywhere. The admission will be 10 cents and the show is worth twice this price.

ELKS AFTER HOME

From an authentic source came the news Monday that the local lodge of Elks is dickering for a piece of property on Sixth street and in the event the negotiations are closed this lodge will convert it into a magnificent home.

The property is ideally situated and the building committee recently named by Exalted Ruler Will J. Meyer has been casting furtive glances and longing eyes at it for several weeks. It is likely the proposition may assume a tangible aspect at the meeting of the Elks Wednesday night. The property is on the market and could be converted into an ideal home for a lodge. A residence on Gallia avenue is also being con-

LAST RITES RECEIVED

Mrs. Theresa Goodman, aged mother of George Goodman of the Gilbert Grocery company, is critically ill at the home of her son, who resides at 1302 Second street. Mrs. Goodman was given the last rites of the Catholic church Monday by Father Goebel. Mrs. Goodman has been ill for several weeks and the flame of life is slowly flickering out.

On Vacation.

Louis Corson of Campbell avenue, shipping clerk at the Harbison-Walker East End brick plant, is off duty on a week's vacation and is incidentally resting up an injured foot, the result of a falling brick.

Want Rules To Decide Pennant

"I will abide by the rules governing the Ohio State league," said President William N. Gableman, Monday, when asked what his attitude was in the pennant controversy to be settled in Huntington Tuesday when the various club owners will gather there to make the pennant award.

"If the rules sustain President Siberell's contention then I will vote for Chillicothe," said Mr. Gableman. "I don't believe in breaking the rules to please any club and if Charleston played two games illegally I will vote to throw them out and award the banting to Chillicothe."

Base ball men down this way are at a loss to figure out a sane reason for President Read calling a meeting in Huntington. Where were Chillicothe and Portsmouth, the two oldest cities in the league, the real back bone of the Read organization? It looks like Read is up to his old tricks of injecting a little base ball politics into the league.

There is small doubt but that if President Siberell's claim is held to be valid that the pennant will go to Chillicothe. It is absolutely illegal to play two seven inning games but whether the club owners will hold up President Pennywitt of the Charleston team is a question. It is said that Read plans to make the umpire, who permitted two abbreviated games to be played on Farewell day in Charleston the goat and heap the blame upon his already too narrow shoulders. This may be an outlet for him to settle a nasty situation.

"Nobody Loves Me" Read Suicide Note

may concern: Nobody loves me. I want to be with my mother and little girl. Send my papa a telegram. Mr. A. Lyons, Columbus, O."

The above note is an epitome of the mood of Olley Lyons, a former Portsmouth girl, which led her to shoot and dangerously wound herself with suicidal intent at Lexington, Ky., Friday. Word received by the father, A. Lyons, 813 Chillicothe street, city, Monday morning, contained the news that the victim was slightly improved, but her condition is still serious. She is at the Good Samaritan hospital at Lexington.

Despondency seems to have been the motive for the woman's attempt to take her own life. The note was found in the victim's room shortly after the shooting.

Mills Are Busy Again

After being idle for four days to permit some repairs to be made the three high plate mill of the Portsmouth Steel company resumed operations Monday giving employment to about 100 men. All other departments at the plant are in running order.

Notice

Old fire alarm boxes West of Waller street are now out of commission.

The new boxes are now in commission west of Waller street, so please govern yourself accordingly in turning in an alarm.

Matthews In Chicago.

J. Clenty Matthews, former leading man of the Muldrock Stock company, is now located in Chicago. He will probably take a dip into the vaudeville pond, which so many legitimate actors have found so remunerative.

Leaves On Trip.

Harry Gilliam, who travels for the Brown Shoe company of St. Louis, left Monday on a week's trip through Ohio for his firm.

On Verge of D. T.'s

Ordering on the D. T.'s desse Fordough is in the city prison. When he was brought down from the N. & W. Y. M. C. A. Sunday, where he is alleged to have been making a nuisance of himself, he had to be treated by Dr. C. W. Wendelken, city physician.

Richard Gordon of the Portsmouth Culvert company left for Detroit this morning on a business mission for his company.

Promise Made Of Being Good.

Washington, Oct. 20.—Promising that if admitted to this country Mrs. Emmeline Pankhurst will not advocate militant methods, counsel for the English suffragette leader argued her case before Immigration Commissioner Caminetti today. Attorney Reeves opened his argument by defining moral turpitude and declaring that Mrs. Pankhurst was not guilty of any act involving this. He noted the fact that the English authorities had made no effort to detain her when she announced her departure from France. The commissioner was deeply impressed by this fact. He refused to consider her lecture contract in the case and asked counsel if he would assure him she would not attempt any militant methods while in this country.

But Emmeline Didn't Have To.

New York, Oct. 20.—Declaring that 24 hours of a hunger strike would kill her, Mrs. Emmeline Pankhurst today said she was prepared to refuse food if President Wilson did not have her admitted to this country, immigration officials planned to rush her aboard the liner La Provence if she started the hunger strike. It would then be up to the ship's officers to take care of her.

"If Mrs. Pankhurst will not partake of the food provided for her and the other passengers, she may do as she pleases. If the English leader prefers to die, it is her affair."

This statement today was credited to owners of the steamship La Provence on which Mrs. Pankhurst was to have been deported, in case her appeal was refused. The statement was made anent her threat to go on a hunger strike.

New York, Oct. 20.—Members of the Women's Social and Political league today received from the United Press their first knowledge of Mrs. Pankhurst's admittance into the United States. Their speakers had just roundly denounced the New York immigration commissioners. Instantly there were loud cheers and handclapping. "Thank you very much. We knew we could rely on American justice and fair play," they said.

ARSENIC IN STOMACH OF ADM. EATON

Plymouth, Mass., Oct. 20.—The vital organs of Admiral Joseph G. Eaton's body were "permeated" with arsenic, according to testimony today at the trial of Mrs. Eaton, charged with the murder of her husband, by Prof. Wm. F. Whitney, of the Harvard Medical college, who conducted an analysis of the internal organs of the dead man.

He expressed the belief that poison had been administered in several doses. Prof. William Bolton, another Harvard man, gave similar testimony.

It is expected that Mrs. Jane Keyes, daughter of the prisoner, will testify when the medical testimony is concluded and that in her testimony the government has a surprise.

PICTURE OF MARTING

Jack Hood, one of the live wires of the Anderson Bros. Co., who is now in the East in the interest of the above concern, has mailed the Times a copy of the New York journal, which for a center piece of this valuable journal's sport picture is H. A. Marting, under the caption of "One of the Stars Who Will Battle on the Gridiron for Yale."

Marting was snapped while ready to flip the ball into play. It is a splendid picture of the Portsmouth boy, who is a son of Mr. and Mrs. F. L. Marting. He looks like a young gladiator in his football togs, and will no doubt respond nobly when called upon to battle for the honor and glory of Old Eli. He is the team's regular center for 1913 and has been in every game so to be one of the best centers that Yale ever had.
